2.3 Slike i opis funkcionalnosti: index.html

GlowNest je modularno koncipiran frontend projekat, razvijen uz primenu JavaScript-a i jQuery-ja, sa ciljem da se lako održava i proširuje. Kod je organizovan kroz partials fajlove, što omogućava jednostavno dodavanje novih funkcionalnosti i sekcija. Trenutno ne postoji backend podrška, ali je arhitektura sajta pripremljena za eventualnu integraciju server-side logike.

Glavne funkcionalnosti sajta

- **Dinamički ispis sekcija:** Navigacija, hero sekcija, o meni, usluge, galerija, FAQ, footer.
- **Modalni sa formama:** Prikaz forme za zakazivanje usluge sa automatskim prosleđivanjem podataka iz kliknutog bloka.

- **Animacije i loader:** jQuery loader pri učitavanju stranice kao oblik lazy loading sistema.
- **Dropdown forma:** Automatski se puni na osnovu kliknutog dugmeta i informacija iz liste kartica.

Loader se prikazuje pri učitavanju stranice i realizovan je pomoću jQuery-ja.

Služi kao vizuelni indikator da se sadržaj sajta priprema, uz kratku animaciju koja traje nekoliko sekundi.

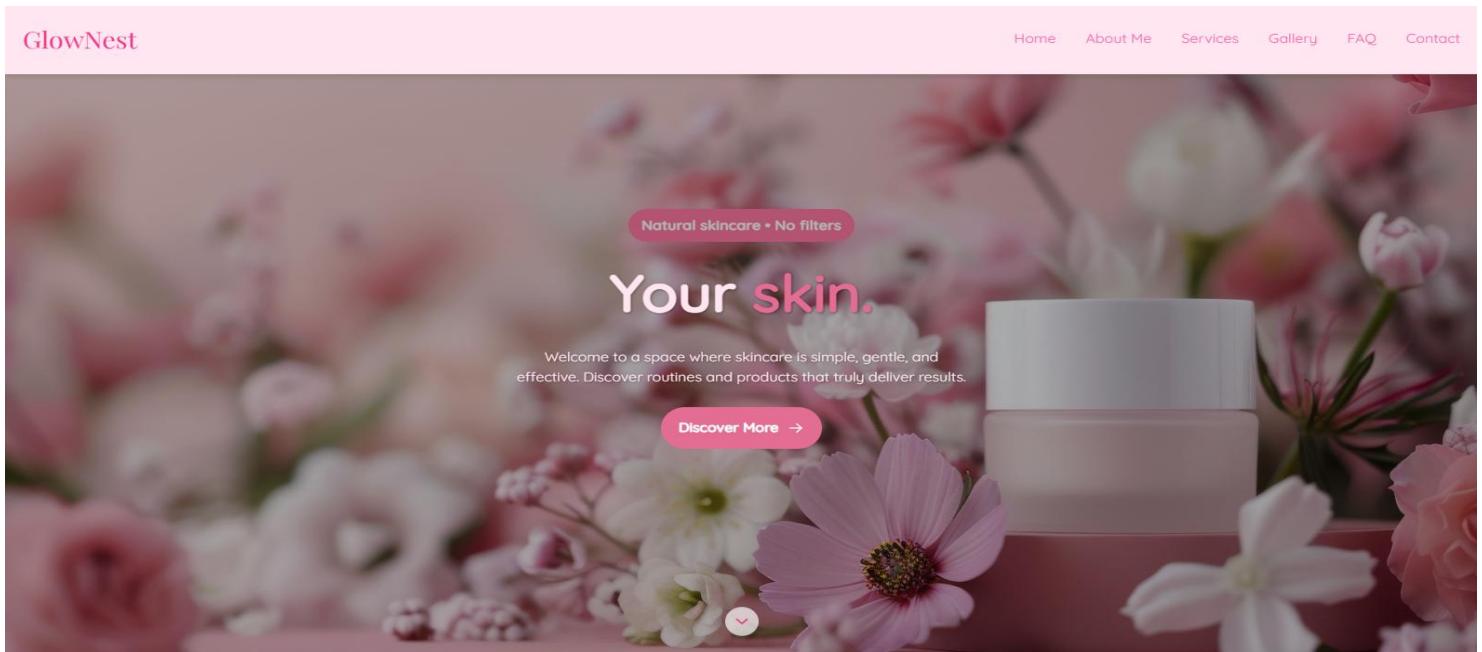

Navigacija

- **Dinamički generisana kroz JavaScript listu sa slug vrednostima i tekstom.**
- **Na većim ekranima:** horizontalni meni sa animacijom — pri skrolovanju postaje providan, a hover efekt vraća punu vidljivost.
- **Na manjim ekranima:** hamburger meni koji blokira skrolovanje dok je aktivan.
- **Ikonice u navigaciji se dodaju iz posebne JS liste, lako proširive.**

A screenshot of the GlowNest website's navigation bar. The bar is pink and contains the site name "GlowNest" on the left and links for "Home", "About Me", "Services", "Gallery", "FAQ", and "Contact" on the right. On the far right, there is a white hamburger menu icon. A separate, semi-transparent overlay shows the contents of the hamburger menu, listing the same six categories: Home, About Me, Services, Gallery, FAQ, and Contact.

Hero sekcija

Centralni deo sajta sa sloganom “**Natural skincare • No filters**” i dugmetom **Discover More**. Carousel prikazuje tri slike koje se automatski rotiraju ili menjaju ručno. Svi podaci (slika, tekst, status) se dinamički učitavaju iz posebnog JavaScript fajla. Sekcija je potpuno responzivna i estetski usklađena sa brendom.

Sekcija “About Me”

Sekcija prikazuje kratku biografiju, uz tekstualni blok koji se dinamički učitava preko JavaScript-a. Stilizovana je pastelno roze tonovima i nežnim fontovima, u skladu sa estetikom GlowNest brenda. Animacije pri učitavanju dodaju vizuelnu dinamiku, dok se sadržaj lako može proširiti kroz JS listu.

About GlowNest

Hi, I'm Mina — passionate about dermatology, formulation, and the confidence that comes from healthy skin. I share proven tips and minimal routines that actually work.

Why I Created GlowNest

I started learning about skin a few years ago while struggling with acne and scars. Through research, courses, and working with professionals, I realized that less is often more. My mission is to show you how to build a skincare routine that is truly *yours* — simple, consistent, and gentle.

- 💡 Minimalist routines for every skin type
- 🌿 Understanding ingredients like AHA, retinoids, niacinamide
- 🌸 Focus on skin barrier & glow from within

"Glow isn't just about skin — it's how you feel when you look in the mirror."

Sekcija "Services"

Sekcija prikazuje listu usluga koje GlowNest nudi, stilizovanu u roze tonovima sa nežnim fontovima i animiranim ulaskom elemenata. Svaka usluga je predstavljena kao tekstualni blok sa nazivom i kratkim opisom, bez klasičnih kartica. Elementi se dinamički učitavaju preko JavaScript-a iz posebne liste, što omogućava lako dodavanje novih usluga. Dizajn je minimalistički, fokusiran na čistoću i preglednost.

Dugme "Povratak na vrh"

Na dnu stranice se nalazi dugme koje omogućava korisniku da se vrati na vrh sajta jednim klikom. Funkcionalnost je realizovana pomoću jQuery-ja, sa glatkom animacijom skrolovanja. Dugme se pojavljuje nakon određenog skrolovanja i nestaje kada korisnik dođe do vrha.
